About Woodsy Owl

Description

I'm caring, friendly, and wise owl. I've my heart set on motivating kids to form healthy, lasting relationships with nature. I encourage youngsters to marvel at and explore the natural world, even in the city. My motto "Lend a Hand – Care for the Land!" encourages everyone to make a positive difference in their world. I aspire to work for the USFS to lead a conservation education program.

Resource Assistant Project Narrative (Provide a brief description or bullet points of the work you completed, unit location(s), Mentor(s)' full name and accomplishments.)

Project Narrative

I completed the Resource Assistant Program in July of 2019 in the Gunnison National Forest on the Gunnison Ranger District. Keyana Ellis was my mentor there. During this time, I worked on surveys of migratory birds with the Wildlife Biologist. I also helped develop a new local stewardship program to engage volunteers and students in their public lands. I organized events to clean up trash from popular recreation sites and remove fire rings from wilderness areas to help protect the resource.

Degrees Received (Select all that apply)

Undergrad
Masters

Major or Area of Concentration?

Ecology

Direct Hire Eligibility End Date (2 yrs. from the exact date of certificate signature)

02/09/2022
